Stainless Steel Bird Spikes on PC Base ▼

Stainless steel bird spikes on PC base

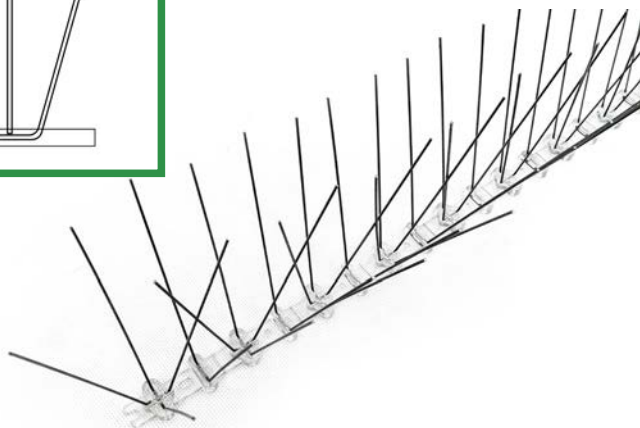

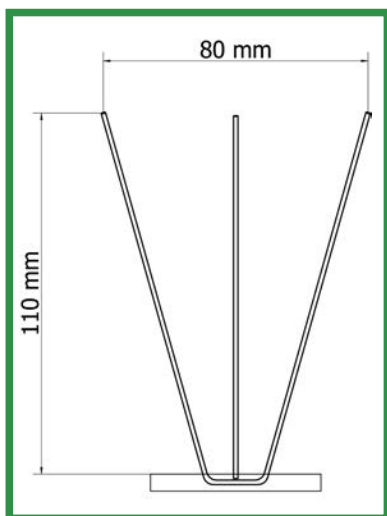

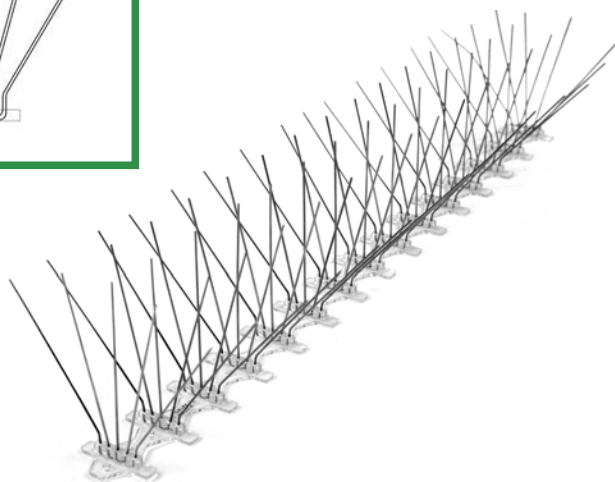

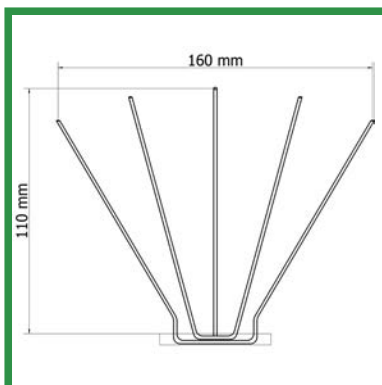

is the most economical and effective way to repellent birds trying to roost and perch on your areas. Base strip made of 100% polycarbonate is anti-UV and flexible for mounting on almost all straight, curved or uneven surfaces either stone, wood, zinc, concrete or brick. It is easy to fastening with screws, nails or glue.

JS-PC675

Model No.	JS-PC675.
Spike material	SS 304/316 wire.
Spike length	11 cm.
Spike diameter	1.5 mm.
Points/pc	75.
Base material	PC + UV.
Base strip length	60 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

JS-PCA560

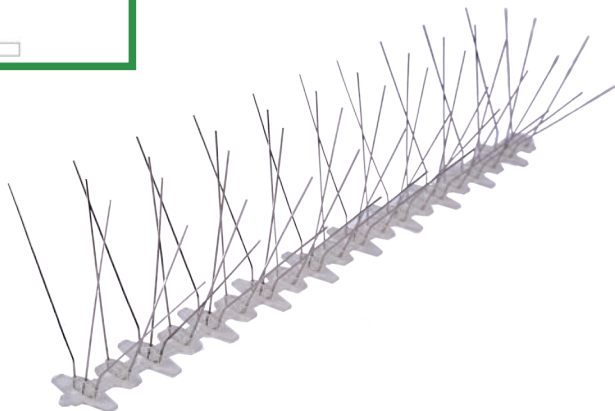

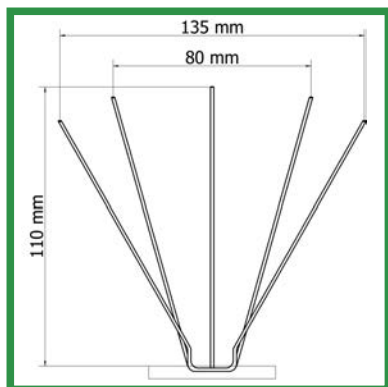

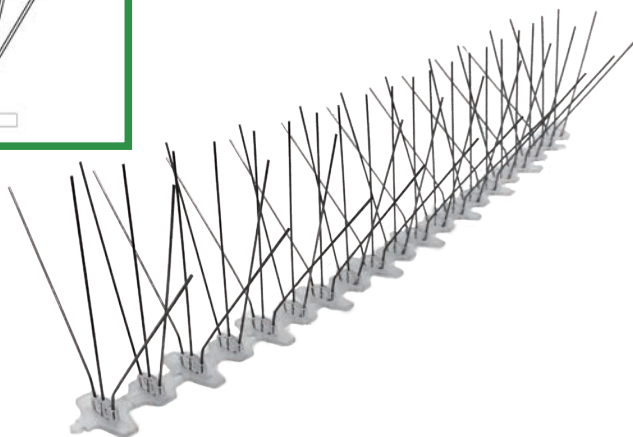

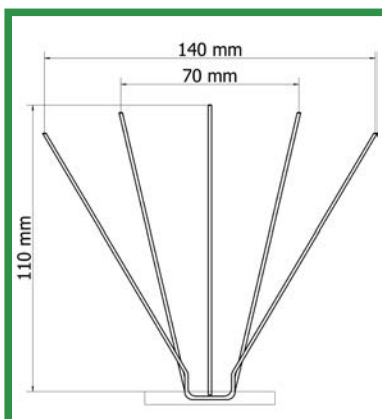

Model No.	JS-PCA560.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	60.
Base material	PC + UV.
Base strip length	50 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

JS-PCB560

Model No.	JS-PCB560.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	60.
Base material	PC + UV.
Base strip length	50.8 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

JS-PC550

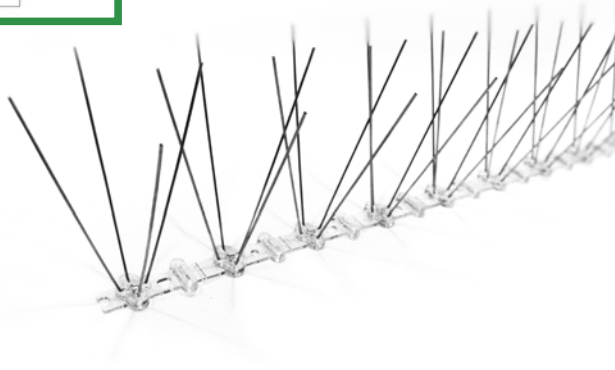

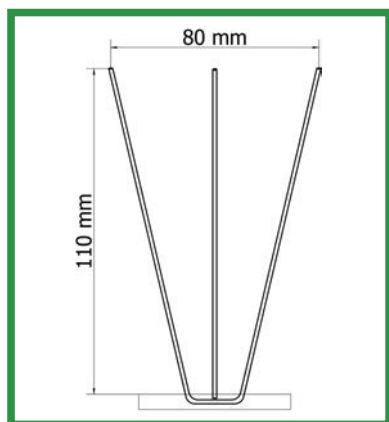

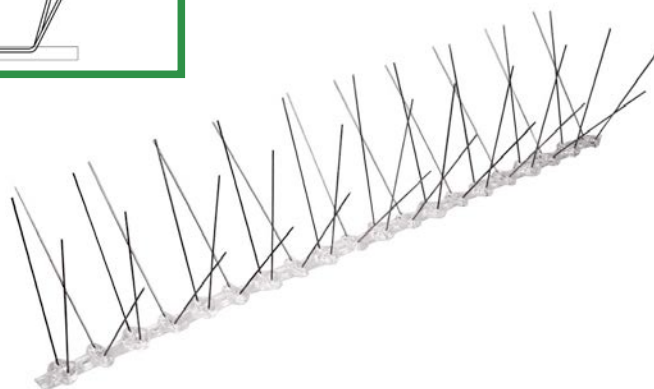

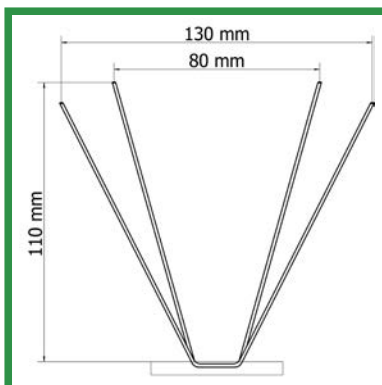

Model No.	JS-PC550.
Spike material	SS 304 wire
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	50.
Base material	PC + UV.
Base strip length	50 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

JS-PCA540

Model No.	JS-PCA540.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	40.
Base material	PC + UV.
Base strip length	50 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

JS-PCB540

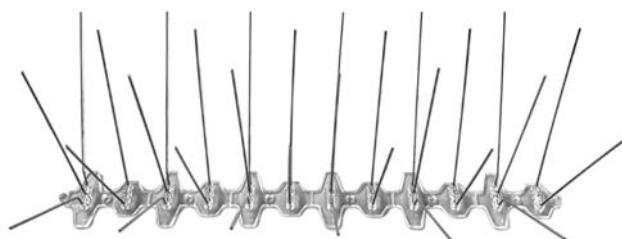

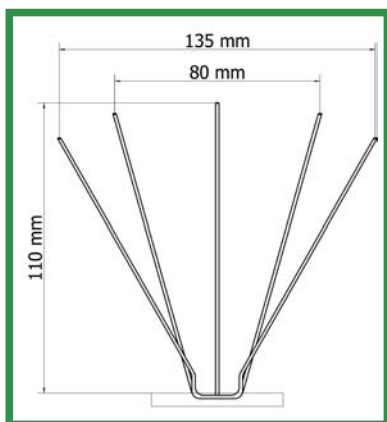

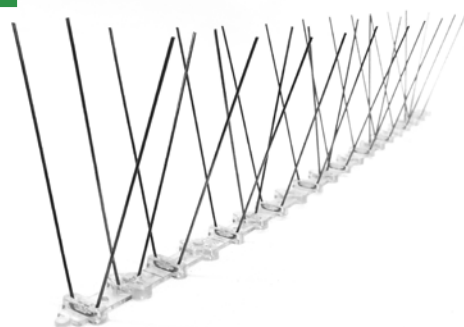

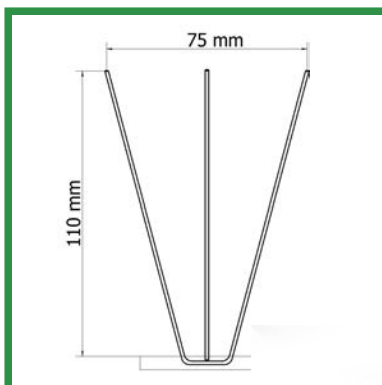

Model No.	JS-PCB540.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	40.
Base material	PC + UV.
Base strip length	50 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

JS-PC530

Model No.	JS-PC530.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	30.
Base material	PC + UV.
Base strip length	50 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

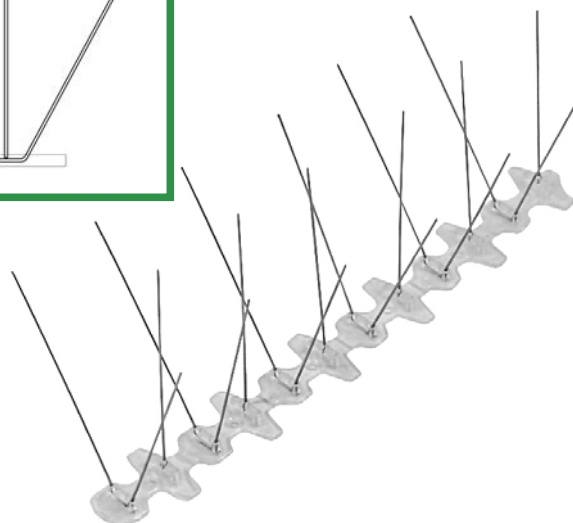

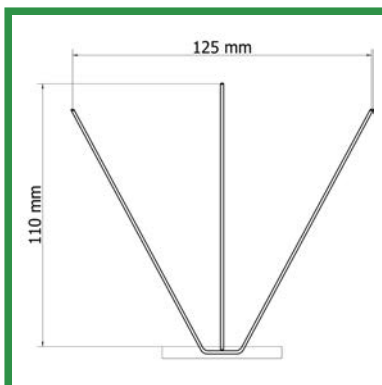

JS-PC330

Model No.	JS-PC330.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	30.
Base material	PC + UV.
Base strip length	30.5 cm.
Warranty	3 years.
Customized	Accepted.

- Joined connector for longer defense line.

JS-PC318

Model No.	JS-PC318.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	18.
Base material	PC + UV.
Base strip length	30.5 cm.
Warranty	3 years.
Customized	Accepted.

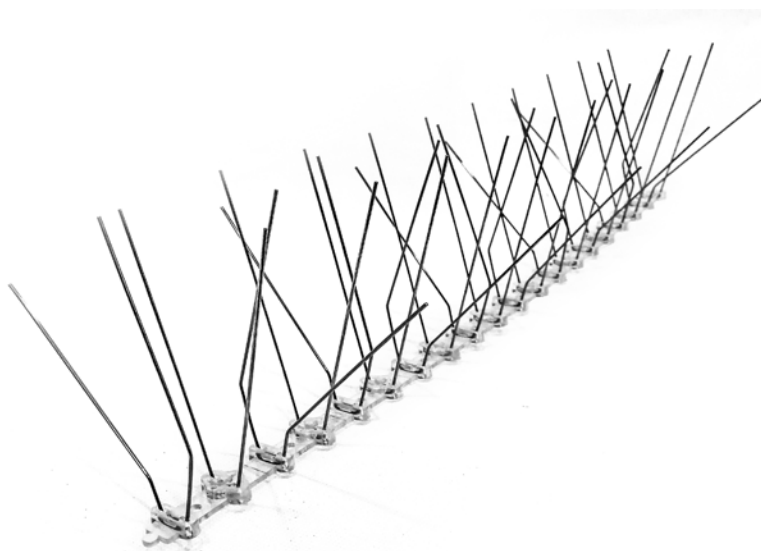

- Joined connector for longer defense line.

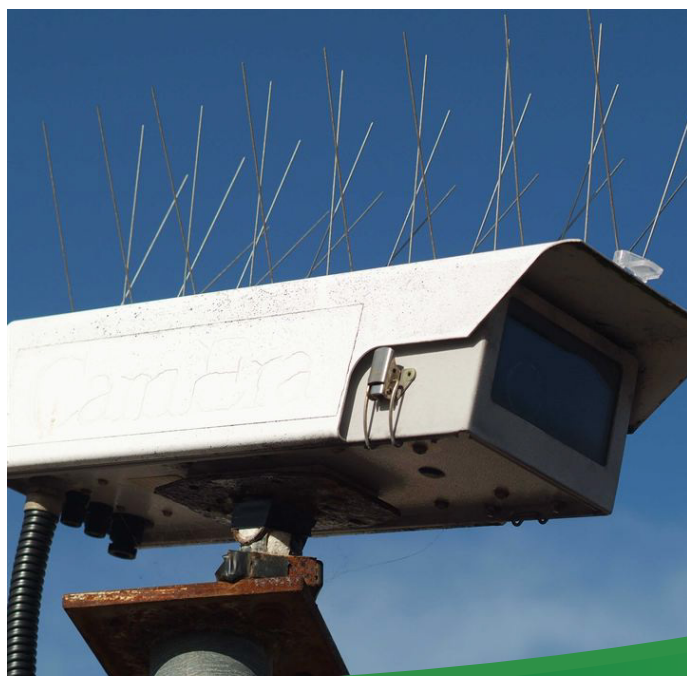

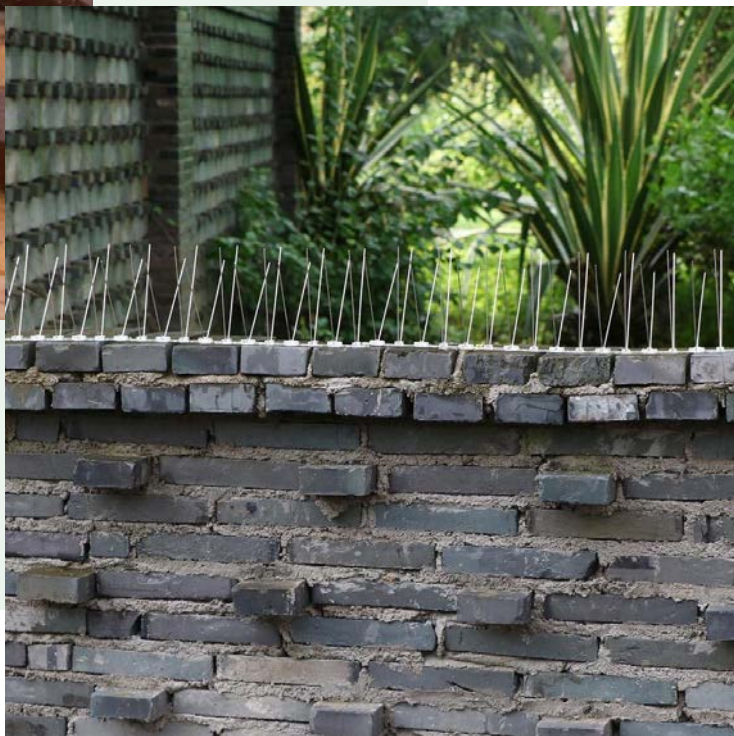

JS-Customized

Model No.	JS-Customized.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	40.
Base material	PC + UV.
Base strip length	50 cm.
Warranty	3 years.

- Joined connector for longer defense line.

**Warmly welcome customization
through drawings and samples.**

02

100% Polycarbonate Bird Spikes ▼

100% polycarbonate bird spikes made with advanced injection molding processes, the finished products is integral and UV resistant. The transparent plastic anti-roosting spikes are virtually invisible and will not mar the look of your building.

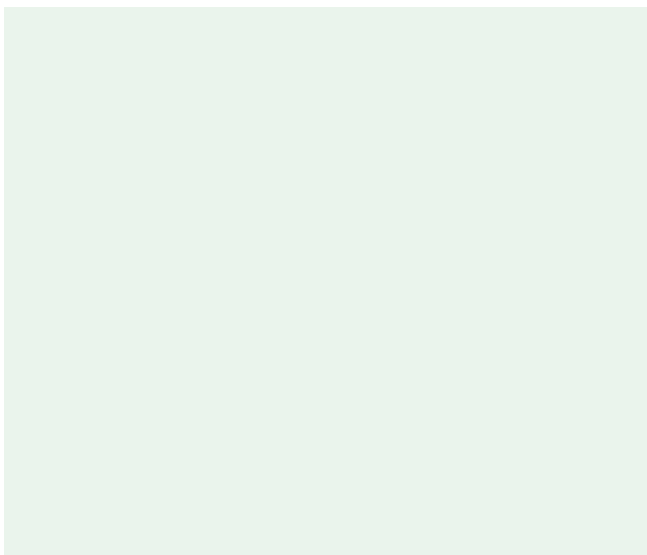

Plastic bird spikes are no maintenance required and virtually unbreakable. It can be glued, nailed, screwed, or tied down.

JS-PC312

Model No.	JS-PC312.
Spike material	UV stabilized polycarbonate.
Spike length	10 cm.
Spike shape	Sharp peak shape spikes.
Points/pc	12.
Base material	UV stabilized polycarbonate.
Base strip length	33 cm.
Warranty	3 years.
Customize	Accepted.

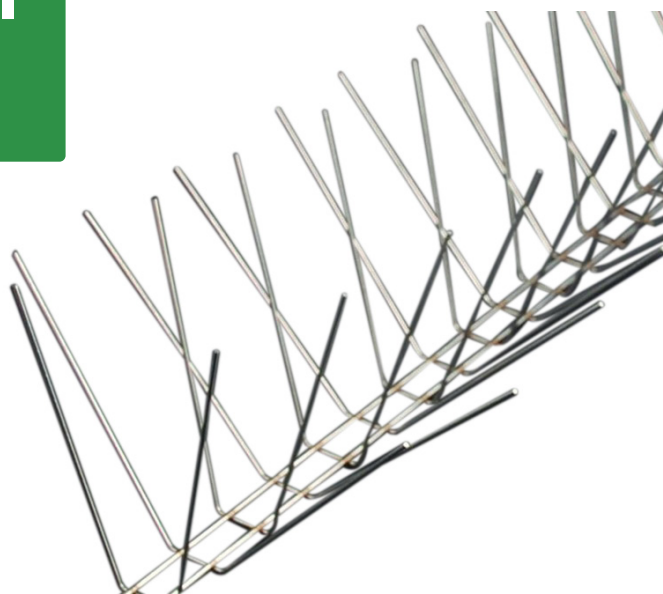

Hebei Jinshi Industrial Metal Co., Ltd.

03

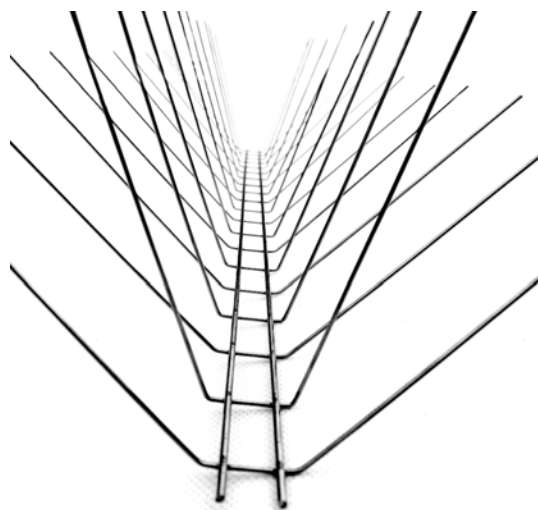

100% Stainless Steel Bird Spikes ▼

100% stainless steel bird spikes is made of all 304 stainless steel material, including the base bar. The all metal construction assured it is corrosion and weather resistant. Different from **bird spikes on polycarbonate bar**, the base bar is unclear and more durable which rejects any sunlight and ensure a 10 years warranty. Besides, stainless steel base also has holes for screwing into any surface which is not suitable for glue.

JS-SSA540

Model No.	JS-SSA540.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	40.
Base material	SS 304.
Base strip length	50 cm.
Process	Welding.
Warranty	10 years.
Customized	Accepted.

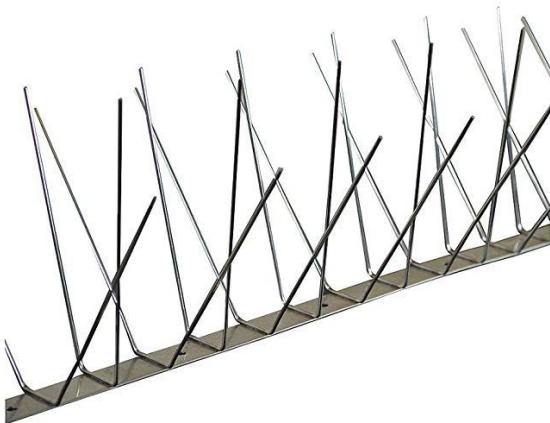

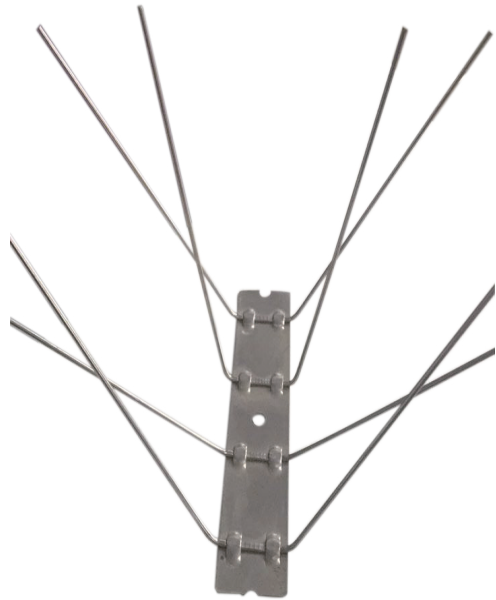

JS-SS536

Model No.	JS-SS536.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	36.
Base material	SS 304.
Base strip length	50 cm.
Base size (W)	28 mm.
Process	Welding.
Warranty	10 years.
Customized	Accepted.

JS-SSB540

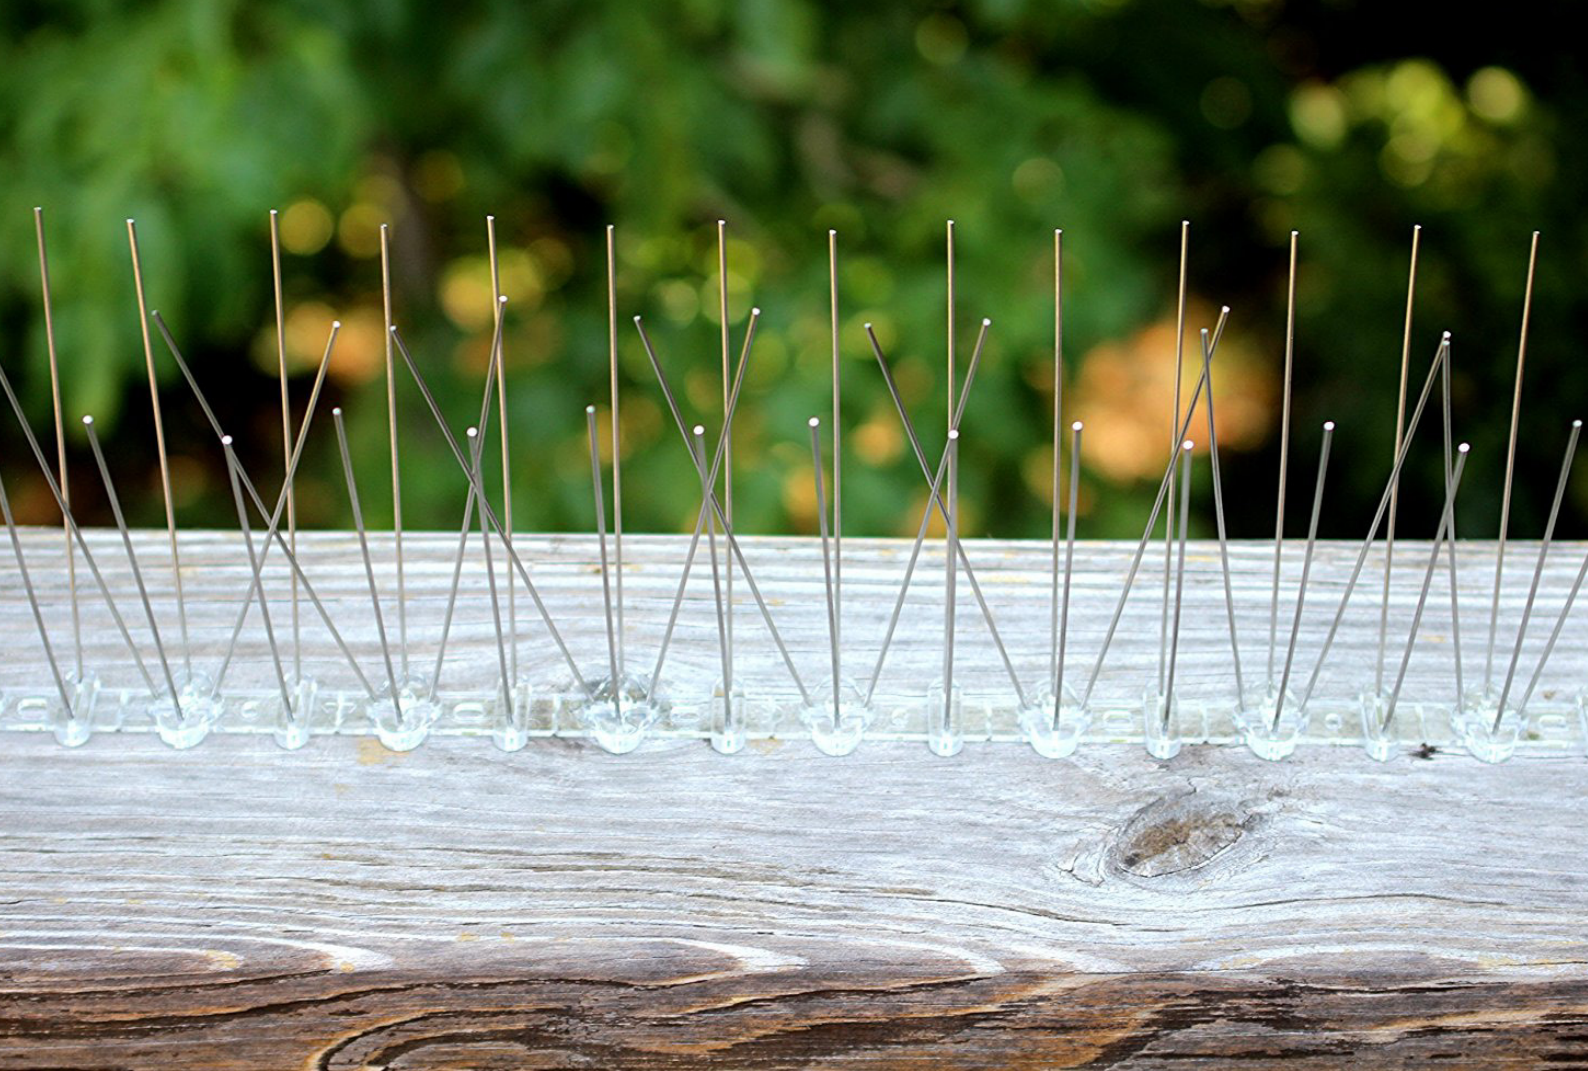

Model No.	JS-SSB540.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	40.
Base material	SS 304.
Base strip length	50 cm.
Base size (W × TH)	20 mm × 1 mm.
Process	Welding.
Warranty	10 years.
Customized	Accepted.

JS-SSC540

Model No.	JS-SSC540.
Spike material	SS 304 wire.
Spike length	11 cm.
Spike diameter	1.3 mm.
Points/pc	40.
Base material	SS 304.
Base strip length	50 cm.
Warranty	10 years.
Customized	Accepted.
